

Hall Company, Inc.
Asphalt Division
Mike Eubanks

Mike:

Lake Sheen Reserve H.O.A. can't express our pleasure on the **outstanding** job Hall Company, Inc. did on the streets in Lake Sheen Reserve.

We've heard nothing but praise from all our homeowners on the quality of work, speed in which it was done and how "little hassle" it caused. The entire project was done on time, and Hall Company kept to the daily schedule, weather permitting. The ability of laying the asphalt along the curb, the circles and over the manhole covers was perfect.

The other concern the H.O.A. had was how to manage the grinding. We appreciated how your employees always swept the roads, cleaned out the street drains and swept off homeowners' driveways at the end of each day.

Again, thank you for an outstanding job. You and your team are a true asset to the company, and I'd highly recommend Hall Company, Inc. to anyone who needs quality paving.

Warmest regards,

Stan Robson
President
Lake Sheen Reserve H.O.A.
